## EDITORIAL

Unfortunately, Billy Cox, our new editor, has had to resign due to family commitments. The Branch would like to thank him for stepping in as editor, albeit for a brief time. His help was greatly appreciated.

## THE GAZETTE

You will note that we have a new heading for 'The Gazette'. Whilst it is appreciated that many of you like to have a coloured heading to the newsletter, we are having problems with printing large numbers of copies on the Desk Jet colour printer. Consequently, it has been decided that future issues of The Gazette will be in black and white so that they can be printed on the laser printer. This is much more economical and is much quicker. We hope that you like the new design of heading.

Furthermore, we have now realized that the new issue dates for the Gazette are impractical since the March issue is too late to convey information about the Branch AGM, the June issue clashes with many members holiday arrangements and the December issue clashes with the Christmas arrangements. It has been decided, therefore, to revert to our original months for issuing the newsletter i.e. February, May, August and November.

## JOB VACANCIES

**EDITOR urgently required for 'The Gazette' our Branch newsletter.** Volunteers should form an orderly queue in front of either Jean, the Chairman or Brenda, the Secretary, or should contact any member of the committee. A job description is available on request and help will be given to any member who is interested in taking on the post. As stated previously 'The Gazette' is published 4 times a year.

**MEMBERSHIP SECRETARY for the Society.** Vicky Barlow, our current Membership Secretary, is having to retire for health reasons. The Society needs to appoint a new person to fill the vacancy. The job entails keeping the membership database up-to-date - details for new members are entered as they join and renewals are logged as they arrive. All payments are recorded and then forwarded to the treasurer. A record is kept of subscriptions which are 'gift aided'.

A welcome pack is sent to each new member and the membership data is used to generate labels for the quarterly journal. The membership secretary DOES NOT send out the quarterly journal, this is done by a team of volunteers. For more information please contact Vicky Barlow – Tel 01772 687234 or e-mail vickybarlow@btinternet.com

The Branch would like to record our thanks to Vicky for the help she has given us over the past years. Without her help, this newsletter could not be sent out to members.

**TREASURER for the Society.** The Treasurer deals with the finances of the Society. For more information please contact Carole Walker e-mail - Treasurer@lfhhs.org.uk

**MINUTES SECRETARY for the Society.** - For more information please contact Tony Foster. 142 Cotswold Cres, Bury, BL8 1QP e-mail – Chairman@lfhhs.org.uk

**PUBLICITY OFFICER for the Society** - This is a new post. For more information please contact Tony Foster.

## PROJECTS

### BURNLEY CEMETERY INDEX

Burnley Cemetery staff are indexing their burial registers and are asking for volunteers to help with the project. The volunteers would work at the cemetery office and the work involves entering data into a computer database and only requires basic keyboard skills, but it is repetitive. There are many thousands of records to enter. If you can spare a few hours per week and you are interested in joining this project, please contact Brenda Hustler, Branch Secretary or Simon Goff, Parks Services Manager, Burnley Borough Council. E-mail SGoff@burnley.gov.uk The public will eventually be able to access the burial registers via the Internet.

The LANCASHIRE BMD project is now well under way. Our volunteers are now checking entries at the Register Office at Burnley. Anyone wanting to join the project will be most welcome. Volunteers should contact the coordinator, Keith Windle, 2 Langholme Close, Barrowford, Lancashire.BB9 6DH. Telephone 01282 705894 E-mail chriswindle4@hotmail.com. LancashireBMD website is at <http://www.lancashirebmd.org.uk>.

The 1901 census name index for Nelson is in progress at Nelson Library. Anyone wishing to volunteer for this project should contact Christine Carradice, the Reference Librarian at Nelson Library.

Transcribing Parish Registers by our Branch is an ongoing project and volunteers to transcribe or check transcriptions are always welcome.

Christine Windle, Project Coordinator

### MEMBERSHIP RENEWAL - HAVE YOU DONE IT?

## PARISH REGISTERS AT BURNLEY LIBRARY.

As most family-historians are aware Parish Registers are the back-bone of our research and it is only a matter of time before we end up looking at them. Fortunately the modern researcher no longer needs to go knocking on the vicarage door in order to view a particular register. Most parish registers have been deposited at County Record Offices, but in many cases they are available even closer to home.

Our branch library and the local Lancashire libraries hold many register-copies for churches in our local area. However, the Local Studies section of Burnley Central Library also holds many parish registers (on microfiche) for other churches throughout the Blackburn Diocese. This Diocese covers a large area of Lancashire, not just the immediate area around Blackburn, and the registers at Burnley Library are for the period up to and including 1900.

In my own case, I was able to research some of my ancestors from Chorley, Garstang and Preston at Burnley Library thus saving a lot of travelling time and expense.

At Burnley Library, there is also a complete set of the Lancashire Parish Register Society series, which covers the early years of older churches in the County.

In addition to these are some local Roman Catholic registers many of which are up to 1941, as well as several local Non-conformist church registers of varying dates.

So before you plan a research trip to the Lancashire Record Office at Preston, why not visit Burnley Library first.

You might be able to save yourself some of that most precious commodity, time!

## GATE POSTS

A few weeks ago, I was asked by my sister, on behalf of a colleague of hers, if I had ever come across any gate posts in our area which had their tops carved in the shape of tenon joints as used in woodworking. It occurred to me that some of our members may have seen something of this ilk in their walks around our beautiful countryside.

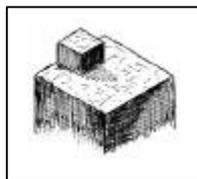

There are at least three styles of tenon. In type 1, the tenon extends across the full width of the post; type 2 tenon is central on the post and type 3 tenons are offset to one side of the post. *See illustrations.*

Type 1

Type 2

Type 3

There are several of these type of gateposts in the Leyland/Eccleston/Chorley area and these posts occur singularly or as the right hand post of a pair at the entrance to a field from a lane.

Perhaps some of our members could answer the following questions.

Are these tenon topped gateposts unique to West Lancashire, or have we some of them in East Lancashire?

Why are they carved in such a way and why are there three different styles of tenon?

Are they the trade mark of a particular stone mason?

Are they carved this way for a purpose? Was it so that something could be fitted on top of the gate post? Was it so that they could be used as a hitching post for horse riders?

Were they 'boundary stones' indicating ownership of land? It has been suggested that they were used to indicate land owned by Catholic families during the Reformation period indicating that safe refuge or passage could be found. Another suggestion is that the post indicated land ownership by the Knights Templar.

Were these posts used to mark a prescribed route such as those of drovers?

If you can answer any of these questions or know of any of these types of posts in our area or in any other area of Lancashire, could you please let me know.

## BURNLEY CEMETERY RECORDS

Information from a 'cousin' in New Zealand is that the LDS Church microfilmed the Burnley Cemetery Burial Registers a couple of years ago. There are nineteen films and these can be borrowed three at a time from Salt Lake City through the various LDS Family History Centres.

Burial details from 1913 to 1963 contain: Burial Number; Date of Burial; Name; Age; Place of Death (up to 1950 only); Grave Number and (from late 1930's) the name of the person who performed the ceremony.

To give you some idea of the size of the cemetery, a burial on 3 Feb 1913 was numbered 77136 and a burial on 3 Jan 1963 was numbered 133761 – i.e. over 1100 burials per year.

If anyone was shown to have died at 118 Briercliffe Road, Burnley, this was the address of Primrose Bank / Burnley General Hospital.

## QUERY CORNER

NOWELL and HAGGATE BAPTIST CHURCH  
Rex Watson e-mail rexwatson@ntlworld.com

Rex is researching the early days of Haggate Baptist Chapel (and hopes to publish the findings in due course). He has a possibly unreliable reference to a Dan(iel) NOWELL being pastor there in 1769. It is generally accepted that William SMITH was the first pastor, from 1767 when the first chapel was built, or earlier when the group met in a house. The two could by 1769 have been co-pastors. It seems that in 1790 SMITH was joined by Abraham NOWELL, whose father was a John. Has anyone any detail of a Daniel NOWELL anywhere at this time. Rex has drawn a blank so far.

SAGAR Sheila Wade, Ilkley, West Yorkshire, LS29, 8RJ  
Sheila is researching the SAGAR family and has sent an outline descendant tree of her branch of the family. She would be interested to hear from anyone who may have further details. Briefly, Henry SAGAR (1810-1874) m Ann BERRY (1811-1874). Children – Mary, b: 1833, John b: 1834, Ann b: 1836, Sarah b: 1837, Henry b: 1838, William b: 1840, Elizabeth b: 1841, Ellen b: 1843, Hartley (1845-1872) born in Foulridge, Thomas (1848-1908), Oates b: 1850. Sheila is descended from Hartley SAGAR and the family moved over to the Bradford area of Yorkshire. This is the same SAGAR family that has been researched by John BENTLEY who gave us the talk 'The SAGAR SAGA' in 2003. Please contact Brenda I Hustler, Branch Secretary for further details of the descendant tree.

Glenda Goulden, Newmarket, Suffolk, CB8 0PX

Glenda's ancestors are all from the Burnley area. The MOORHOUSEs were glass and china dealers and the EMMOTT/EMMETTs were butchers and cattle dealers. Bernard EMMETT was born at Wheatley Lane c 1813. David PLATT, the elder, was born in Pendle Forest and David PLATT, the younger, was born in Higham. Both were master tailors. David PLATT, the younger, married Martha LEE in 1844. Her father John LEE was a farmer. The address listed on the marriage licence is unclear but appear to be High Farm. Glenda would like to find out where this farm was. Glenda's grandfather was William Thomas CLEGG and he was a registrar at Burnley until his retirement in 1934. Glenda would like to hear from anyone who has any information on any of her ancestors. Full address available from Brenda I Hustler, Branch Secretary.

In 1861, both John and Thomas and their respective wives and families were living in a house, together, in Keighley, W. Yorks. The family were all Wesleyan Methodists. David is seeking information about passenger lists for ships to Australia. William BAMBER, one of David's ancestors, went to Australia about 1890, married an Australian lady, had three children then came back to England in about 1900. David does not know the name of the ship(s) on which his ancestor sailed.

MEMORIAL RIBBONS Joan Merrill  
e-mail joanmerrill@supanet.com

Whilst on holiday in our area, Joan attended a car boot sale at Gisburn. Idle curiosity led her to buy a bible, which had six memorial ribbons inside it. Does anyone know anything about these bibles?

The ribbons have no connection with Joan's family but she has kindly sent the information to us, since it could be useful to someone in our branch. These ribbons are relating to:
